Subject : Replacement of Wooden Patio

I want to remove my wooden patio and install a concrete paver patio using symmetry pavers in a diamond pattern. The color will be a regency blend of muted colors—red, black, yellow. Please see the diagram for the location of the pavers and the soil. The old fence will be replaced with a standard six foot red pine fence. See the enclosed picture. The work will be started immediately and completed in one week. My phone number is (301) 838-0595.

Thank you.
