Elm Street Judge Community Association

To whom it may concern:

Months ago Leslie and I have looked at the sunken square of sidewalk in front of my house which was damaged as a direct result of sidewalk patching which was directed by members of the Association years ago.

I have requested that the Association repair the wall (which is Homeowners property) many times.

I believe that I deserve the courtesy of a yes or no answer to my request - in writing please - for my records.

I remember who was on the board at the time of the above mentioned patching.

I expect that I will hear from you without further delay.

Patricia A. Bott
